DRAKE AND WALKER'S BOM BAY GIRLS AND JAZZY BAND BOOKER WASHINGTON-MONDAY

Drake and Walker's Bom Bay Girls and Jazzy Band will be at the Booker Washington Theatre next week, beginning Monday night. This attraction will be repeated Tuesday and Wednesday. The girls will be welcomed with pleasure by the theatregoers.

Henry Drake and his elegant wife have many favorites here. They never fail to surround themselves with talented performers. This year they are after featuring Dinah Scott and her famous "Creole Beauties." Their play, "The Girl from Phillips," is said to be eligible to be among the "Greatest of the Month" and the results. The company is said to carry a card of pretty costumes and scenery. The jazz band will open the front of the theatre each night, before the first show. The play was written by Drake himself, and directed by his son, Dugdale, who is director of the band. There is little doubt of packed houses and next week, and when one will be early. There will be no advance in prices.

JAMES' CRESTED PLAYERS HAVE LIVELY SHOW

James' Crested Players, at the Booker Washington this week, have a good lively show full of "gags" and highly entertaining.

The company opens with a chorus and dance by the company. This is followed by a comedy sketch which involves a girl who has a desire to travel, which permits one to go into heaven. It's only a little to allow that end. Rucker is to be featured as really comic company. Ruth Calaway in songs, comic sayings and dances. The diminutive actress adds a big bit of fun. The stars expect a good time dancing. Miss Calaway scores singing "Home again blues."

The second half of the bill is a melodrama entitled "Under the Skies of Arizona," with its action on the Mexican border. Americans are interested with the Indians, and have a lively time until they shoot their way out. Pauline Johnson and Fred James come next in songs. There is a good interpretation of the bad man of the border, a character for whom he has long been known. Miss Calaway scores singing "Home again blues." The play is directed by Col. Collier as "Jack." Little Johnson as "Carmelita"; Mabel Collins as "Rose" and Ned Young as "Tom." The play may start their part well. During the act, a Mexican dance is given by DeLyon and Miss Johnson. The play ends with the Rucker and Crawford Jackson. The entire show is good and the patrons are being well entertained.

"The Old Nest" At the Star  
Saturday and Sunday

REGULAR. Barker's heart-gripping story of home. "The Old Nest" will present at the Star Saturday and Sunday. It is a series of dramatic episodes that reveal the life of an American family. The theme is that the love and the guidance is given to lost ones and the audience is prone to look into the picture and into the hearts of a typical family. All the little joys and sorrows that every one of us remembers are fleshed out on the screen bring tears and laughter quick succession.

In the story, the mother dies, to

her family of six children, and home.

In the end, they remember the nest and come home to rest.

They play any more than there is a

lot of questions.

A production of life is "The Old Nest".

On Monday, the film will feature

Barker's "Die Hard Demands".

It is the story of Jimmie Doyle,

a gambler jewel thief, who comes

to town three years ago and

left his wife and child home.

The father of a small boy had

left in care. The father's

tying paws was that the girl was kept

away from the crooked scenes, and

now the boy, Jimmie, has found

the straight and narrow path.

However, the straight road is as

thorny as the way to true love, and

Jimmy is walking both.

"Dream Street" At the Movie

"Love As Criterion"

TOM Mix in "After Your Own Heart"

will be the feature at the Cinema

Theatre Saturday. In the picture the

author took an old water hole between

two ranches, and from the dispute over

this water hole he wove a stirring

little picture and put it into a per-

sonal romance.

In addition, the author has put into

the story one of his theories on

and another on the nature of fate.

He has an airplane to help in the

roundabout, a collection mix story,

an animal story, and a

presented on Sunday. "Love" as

a lasting bond between man and woman

in which nothing may ever be

done to break it.

And the sacrifice of that love by

the heroine for the sake of her young

sister. The maternal love of old

age, the love of a hunting

man for his sweet woman and the pure

love of two sweethearts are the

threads which develop into the big

dramatic vehicle.

"Signs on the Door" At the Pendleton

Katherine MacDonald in "Strange

Than Fiction" will be offered the Pen-

dleton Theatre Saturday. Story

abounds in strong human interest, situa-

tions cleverly seasoned with sus-

pense, humor and a few thrilling

adventures, all woven into a

series of stories upon which Miss Mac-

Donald's pictures have been based.

Especially, it is seen, the authors will

focus on the various situations

and everything that suggested

wealth and beauty into this star-

picture. "Strange Than Fiction" is

an excellent picture for its abundance

of lively acting, and is

made up of enough strong dramatic

and intense mystery situations so

able to hold the interest of even

adults even if deprived of the

assets of Katherine MacDonald and a

remarkably capable supporting cast.

And Barry, the crackle-faced star, and De

## SIGNS OF THE TIMES

Stop, look and listen should be adopted as a maxim by the Republican party leaders in view of the activities of Negroes in politics at this time. Negroes have suffered from the well known American malady of "letting George do it" in politics, until the recent flagrant trickery of the Negro Administrations have become so evident that the average Colored voter has decided it is time to help "George" in the task.

There is a very apparent connection between all the big Negro movements in the country, in as much as they are all evidences of an awakening interest of the masses of Colored folk in their racial status in the United States.

Five years ago, the Negro man in the street knew little and thought less about his status as fixed by the Constitution of the United States; the ideals forced down the throat of all Americans for war purposes, has caused him, and what is more important, the Negro woman, to start thinking.

During the past two years, and very recently, the mass of Negroes have been doing a lot of thoughtful waiting and hoping. The Pan African Congress recently held at London composed of some of the greatest intellects in the world, regardless of race, is absolutely conclusive evidence that Colored thinkers are busily engaged and thoroughly familiar with their task of leading a subordinate race; the independent Negro political parties of Virginia and Kentucky, by their quickly acquired strength show clearly that there are appearing some clean Negro political leaders who are strong enough to get a majority support from the masses.

From the point of view of awakening race consciousness and without consideration of their social value, the two examples of the new Negro psychological trend however, are the Garvey movement and the interest of the masses in the reports of the Associated Negro Press. In their immediate causes and effects, the two organizations are as far apart as intellect and ignorance, but as examples of mass psychology, the support of both are identical. They are both evidences that the Negroes of all classes, from the cotton field to the college president's chair, are coming to be of one mind as to the inconsistencies of theory and practice in American Negro citizenship. The immediate effect can be seen in such movements as the Lincoln party. The future effect will probably be that the Democrats who have openly ignored Negroes and seen fit to found a new party on the basis of what they proposed, will be disgraced and disgruntled Negroes will wake up to find one of the new political parties giving Negroes an absolutely square deal and receiving one-hundred per cent Negro support, which means oblivion for Republicans and a long slide down the same scale for Democrats.

If the Republican administration cares to stop, look and listen to the signs of the times right now, tradition will go a long way to keeping Colored voters in line. Negroes are not, however, going to stand for any more dealing from the bottom of the deck; it is not the few paid Negro leaders who are watching the turn of the cards, but practically the whole Race is watching under conditions of the past and present. It is the latter, in a short time until several big Negro political units will coalesce and through truly representative Negro leaders, demand an accounting of Black America's patrimony-American citizenship.

## SOWING THE WIND

The incident at Loretta, Texas, a few days ago, in which one man was killed and many others seriously wounded, including the sheriff of that county, is but a mere indication of the extent to which the Ku-Klux-Klan will go in carrying out their purpose.

The incident shows conclusively, that the members of the Klan have no respect for law nor law enforcement officers, when their purposes are interfered with. They are taught to resist even with their lives.

The clash in Texas is the only logical conclusion which must come to a community where the Klan is allowed to organize and breed religion and race hatred in contempt for law. The State of Texas has allowed this monstrous and poisonous organization to take a deep-seated hold on her citizens, and like "sowing the wind," she is now reaping her whirlwind.

The shooting of a sheriff who was attempting to enforce the law, by members of the Klansmen, in a Texas town, should be a warning to other cities and state officials as to just what to expect should the Klan get its desired hold upon the community. The invisible empire can not disclaim responsibility for the murder of one man and wounding of nearly a score of others during their parade in a Texas town, recently. But, true their reputation, murder and bloodshed must follow in their wake.

The Klan have built a strong organization in this country. Toleration on the part of the officers of the law is like sowing to the wind: they must reap the whirlwind.

## THE MAYOR'S LATEST APPOINTMENTS

We have noticed that during the week Mayor Kiel has made a few more personal appointments. A close observation of the list we see that no Negro has been selected by the mayor to fill any of his personal appointments. It will be remembered that Mayor Kiel always, when making a speech before a colored audience, tells them that he owes his election to their vote, and their loyalty has enabled him to be elected mayor for the third time. Mayor Kiel owes his election to the Colored people, at least one of his personal appointments. By the time of the general election he should have, before now, given to them one of the places filled.

Throughout all these people have had cause for complaint but the act of Mayor Kiel is one of the rankest pieces of ingratitude we have ever seen pulled off in present-day politics. We should remember these things.

What's the Matter with Victor J. Miller, President of the Police Board that he does not order an investigation as to how many members of the St. Louis Police force belong to the Invisible Empire? The police do not care.

We do not see that our Police department can uphold the laws of the city and state and at the same time belong to a band of outlaws, race-haters and murderers.

"Innocence" was soon arrested and haled into court for appearing in an obscene picture at the Royal Theatre here, a few days ago.

Prosecuting Attorney and the police soon found a way to "fix" the case, "because they did not want the picture shown." The officers found themselves powerless to act in the name of "the honor of a Nation," which was worse than "Innocence."

It is a fact that the Negroes and State officials always find a way to do the

## PAN-AFRICAN CONGRESS

**Many Little Differences Of Opinion At Brussels Meeting. French Delegate Declares Tribes Opposed To Any Schemes On Their Territory.**

(This is the second of the Pan-African Series. The third will be continued next week.)

BY WALTER F. WHITE  
For the Associated Negro Press

BRUSSELS, Belgium.—At Brussels we met in the famous Palais des Beaux Arts, the most famous park of the world, come to study. The site is beautiful and inspiring, coming from the establishment of the present Belgian government, it is the wish of the Belgians that the Pan African Congress, for all movements of the world that are international in scope and that tend toward the advance of civilization and the welfare of these peoples which threaten the destruction of that civilization.

**Frencheaux Attacks Garvey.**

The sessions opened on the afternoon of October 1st in the Hall of Palais des Beaux Arts, a distinguished group of persons sat in the assembly. Colored and white, men and women, Africans, Europeans and the negro students of the French Colonial Department of Trois Iles. In his opening address, M. Diagne outlined the history, plans and aims of the Pan African Congress. He declared it to be the Pan African Committee, the schemes of Marcus Garvey classing them as "imperialistic and dangerous" and he told of the bitter opposition of the African tribes to any scheme of the sort.

An address of welcome was next delivered by Senator Henri Latouche of Belgium and by Dr. L. D. T. Moore, representative of the Pan African Mondial, who is known as "the father of the League of Nations." Ex-Duvalier spoke from his residence at Moulins de Aylwyls, who spoke of the civilization of that country; Dr. M. Soriano on behalf of the members of the Belgian Congress; Dr. J. C. R. House of Representatives of Portugal; by Miss Faustos who spoke of the women's work in America; for equal suffrage for women; by M. Bartholomew on behalf of the French government; Dr. G. L. Williams, the Foreign Chamber of Deputies from Brazil; by Dr. DuToit who spoke on the Negro problems of the world; and by M. Paul Pandit. The last speaker had been a prominent speaker born to the Belgian Congo he was brought to Belgium by a lad of six or seven years old. His mother died when the missionary died. Over the protests of many of her friends who declared that she was Godless after she became a Christian she was closed up at the age of fourteen, the widow gave Pandit as good an education as possible. Pandit's remarks were to the effect that the colored woman could have done twice as much work alone, but together with the colored man she could have done much more for the community, the State, and the country.

"And we are in position to speak for the colored man and the Negro," said the white men and women who are anxious as we are to right wrongs for we have tested them. We can never be satisfied until every Negro people is raised a whole, because of the wrongdoing of some, regardless of telling of those we know in the North and in the South.

The inter-racial movement, being inter-state, is most important. There will never be a time when we need to do this. I know of no group in a better position to stand by that movement than we who are the Virginians. We have experience how much can be accomplished by white and colored people trust each other and work together. In this regard, India and South Africa are examples. Neither the white nor the colored women could have done twice as much work alone, but together with the colored man she could have done much more for the community, the State, and the country.

"And we are in position to speak for the colored man and the Negro, the white men and women who are anxious as we are to right wrongs for we have tested them. We can never be satisfied until every Negro person is raised a whole, because of the wrongdoing of some, regardless of telling of those we know in the North and in the South."

**Congress in Africa.**

The sessions on Wednesday were given over to a discussion of the history and civilization of Africa, of its social and cultural life, of Negro status, and the problems of the colored people. Among the speakers were a representative of Portuguese South Africa; General Luis Soares of Spain who is the Minister of War of the life-in-Africa; M. Pandit and others.

In the afternoon a talk was made to the Congo people, perhaps the most backward section of Africa, existing in the world today. One viewed the magnificient display of manhood, ivory, rubber, and other products, the portuguese, Military Institute and Washington and Lee University,

certain European governments. The difficulty was overcome after discussion as to referring the matter to the Pan African Congress, and the meeting adjourned.

On Friday morning, however, for personal reasons and health factors relating to Negro problems were taken up as well as the question of the right of self-government. In White communities, native rights, native rights, native exploitation, black states and allied problems. I wish that we would discuss the question of the right of self-government for the exploitation and torture of the Congolese was remarkably clear.

**First Session Difficult.**

At the closing session of the Brussels meeting came the first serious difficulty of the Congress, namely, the difference in psychology of the various national delegations.

At one time it threatened to seriously hinder the progress of the Congress.

Delegates who had always agreed most on the real purpose and need of real international movements of the colored people, were now at odds.

The trouble arose over the negotiations which were wholly unsupported by the American delegates but which

## The Periscope

By The Associated Negro Press

THE NEGRO IN INDUSTRY  
By Dr. W. E. B. DuBois (Chicago Tribune)

(By The Associated Negro Press)  
The Negro in Chicago showed two tendencies among Negroes.

The first is that they are moving out of the rural into the urban districts and gradually into the great industrial centers.

When the great industrial enterprises were short of labor during the war, Negroes were brought in, but this does not lead himself really to organization and they pointed on him as a superior of skill. When did they ever do this before?

The census shows that the migration of Negroes to every northern state except New England was "heaviest" to the industrial centers.

The second point showed by the census was that the Negro death rate is almost twice that of the white, and the ten-year period according to the statistical bulletin of the Metropolitan Life, the Negro population increased and the white decreased by one percent a year. The white population increases 2 per cent a year. Of that 1 per cent is due to excess of birth rate.

The Negro in America has come to have a low birth rate as compared with Negroes elsewhere. For this there are many reasons, and perhaps the largest factor is Volume of control.

According to the bulletin quoted, the Negro birth rate is 10.5 and fixing that rate at 100, the city Negro death rate is 104, while that of the country Negro is 159.

Since the Negro is more or less before us, let us consider the chief factor in decreasing the Negro birth rate.

The Negro in America has come to have a low birth rate as compared with Negroes elsewhere. For this there are many reasons, and perhaps the largest factor is Volume of control.

According to the bulletin quoted,

the Negro death rate is 104, while that of the country Negro is 159.

Since the Negro is more or less before us, let us consider the chief factor in decreasing the Negro birth rate.

**Dr. Scott**  
The New Salem Baptist Association met for their annual meeting with Dr. W. H. Hayes, moderator president. A memorial annual address was one of solid thought in which he stressed the crying need of a greater effort. The association voted to elect Dr. Scott's undersecretary to lead the church to victory, as the retiring moderator had so well laid the foundation. The other feature of the day was the election of Dr. L. K. Walker, minister of the Olivette Baptist of Christ, the largest church in the city who preached a soul stirring sermon.

That day was devoted entirely to the work of the association with the exception of a few hours. Dr. W. H. Hayes, leader of the West District Association, and the sermon by Dr. F. W. Perrell of Illinois, Study of the Bible, were the highlights of the association in year with Peace Memorial Church, East St. Louis. Up to \$500 was raised from all

## Our Choir Sings At M. E. Church Conference

Associated Negro Press

MINNEAPOLIS, Minn., Oct. 5.—At

Northern Minnesota Conference of

Methodist Episcopal Church Dr. John W. Robins, pastor of St.

This change is due to what

ordinarily would be regarded as a great disaster—the failure of the cotton crop.

The Department of Agriculture estimates that the cotton crop in the south this year will be the smallest in 20 years.

striking Chase, Clark, Cook, et al.,

and Central stores before 7 o'clock last Tuesday night an Automobile containing four Negroes, two men and two women, and travel bags, exploded near the intersection of Peachtree and Peachtree Streets.

The bomb had been abandoned about a block away where the Negroes dashed into a grove of woods, marking the place where the explosion had taken place at the hospital in an automobile which reached the scene shortly after she was struck.

Two colored girls, Smith Jennings and Vickie Lockhart, both of 11th Houston Street, who were arrested in another section of the city shortly after the accident, were released on bail after about half an hour, but the police were unable to connect her with the incident.
